

Olayinka Atobiloye

Education

University of Lagos

Bachelor of Science in Computer Engineering — **CGPA 4.84/5.00 (First Class)**

Lagos, Nigeria

Nov. 2018 - Jan. 2024

Relevant Coursework: Computer Programming, Algorithms and Data Structures, Computer Architecture, Engineering Statistics, Numerical Methods, Engineering Algebra.

MLH Fellowship

New York, USA

Computer Software Engineering Engineering

Work Experience

Software Engineering FellowJan. 2023 - Apr. 2023 *Remote, NY, USA**GitHub*

- * Created detailed documentation for various
 - * Designed content design plans and wrote new conceptual and procedural articles for the Docs site
 - * Improved accessibility of the Docs team by updating existing articles to adhere to accessibility principles

Engineering Summer AnalystJun. 2022 - Sep. 2022 *London, UK**Goldman Sachs*

- * Developed a Release Management System using Spring Boot,
 - * Built a bot using Spring Boot that sends scheduled messages to a messaging platform and improved productivity by 60%
 - * Wrote comprehensive API Documentation for existing endpoints in a Java application
 - * Employed the SOLID principles to make software design robust, flexible, easily extensible and maintainable.

Frontend EngineerApr. 2022 - Jun. 2022 *Lagos, Nigeria**Booyant*

- * Architected an admin dashboard for a boat hailing platform using
 - * Tracked and fixed bugs and improved performance of the platform by 10%
 - * Collaborated with stakeholders to define clear objectives and set timelines for the project

Software Engineer Intern

Apr. 2021 - Aug. 2021

Zuri Lagos, Nigeria * Built a invoicing and receipt generation platform using HTML, CSS, JavaScript and Bootstrap minimizing bookkeeping errors by 60%

- * Designed and converted over 20 design screens into pixel perfect web pages

Junior Frontend Developer

Apr. 2021 - Aug. 2021

Peths Digital Lagos, Nigeria * Engineered a edtech startup that facilitates getting study help using HTML, CSS, JavaScript increasing exam success rates by 20%

- * Maintained the codebase and devised ways to improve features on the platform

Volunteer Experience**Chair, Women In Engineering**

Jan. 2022 - Present

IEEE UNILAG Chapter

- * Organizing programs targeted at improving the software engineering skills of over 50

*Lagos, Nigeria***Frontend Development Mentor**

Jun. 2021 - Aug. 2021

Microsoft Tech Community

- * Taught and mentored over 20

*Lagos, Nigeria**students the fundamentals of***Projects**| React, Rest API, Redux — *Feb. 2022 - Apr. 2022*

ed a fully functional minimized Twitter web app using technologies like React and REST API

- * Added features like create an account, post a tweet, like, bookmark or comment on a tweet, follow, retweet
- * This project has over 20 stars on GitHub

| React, Redux, Git —

2022 signed a clone of Wordle game where players have six guesses to figure out what a hidden word is) using React

Mar. 2022 - Apr.

- * Implemented a feature

Achievements**GitHub Campus Expert**

Apr. 2022 - Present

- * Emerged as one of the 65 Campus Experts out of

*over 10,000 applicants***Technical Skills**

Java, Python, C/C++, JavaScript, TypeScript, SQL, JavaScript, HTML/CSS, React, Angular, Flask, JUnit, Karma, Jasmine, Spring Boot, Rest API, Git, GitHub, Linux, GitLab
